DAGS, on behalf of the State of Hawaii Department of Public Safety (PSD), is proposing to develop the Maui Regional Public Safety Complex (MRPSC) on a 40.3-acre site located in Puunene, Wailuku, Maui. The project is intended to replace the existing 7-acre Maui Community Correctional Center (MCCC) located in Wailuku. The purpose of the proposed facility is to provide a safe, secure, and humane environment for the care and custody of adult male and female offenders originating from the County of Maui. It is also intended to alleviate the current overcrowding at the existing MCCC facility, while assisting in meeting the future growth requirements in the County's inmate population. For more information regarding the meeting, please call Mr. Tyler Fujiyama at (808) 586-0463. Any person requiring special accessibility or communication accommodations may contact Mr. Fujiyama before Thursday, July 1, 2010.
